

# Guide to securing your LinkedIn account

If technology is being used against you, use this website to secure your tech. [Learn about Tech Abuse.](#)

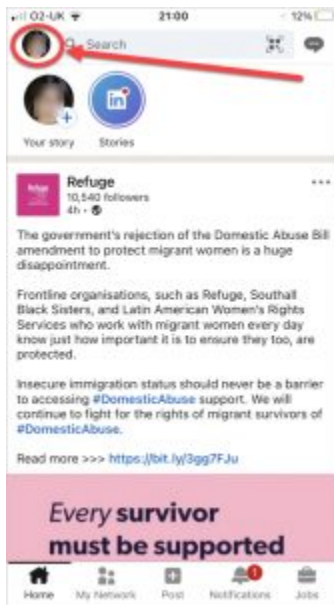

Note that depending on your [device/updates](#), the steps below may vary.

**Caution:** Remember, depending on whether or not you are living with the person who is harming you, you may choose to take different steps. Control and coercion make some of these steps impossible or not safe. Read these cautions before taking action.

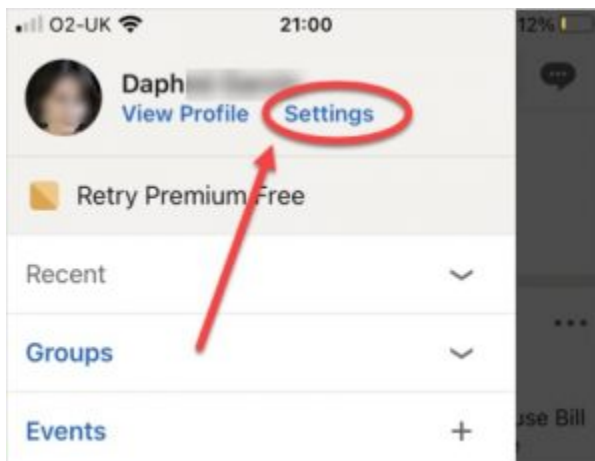

Secure your tech

**Step 1: Go to settings**

1. Open LinkedIn. Tap your profile picture.

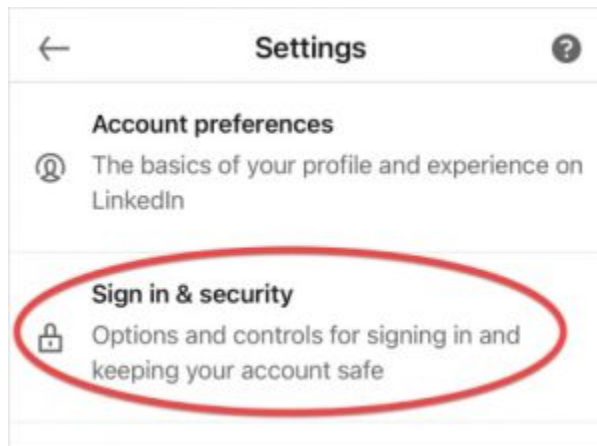

2. Tap Settings.

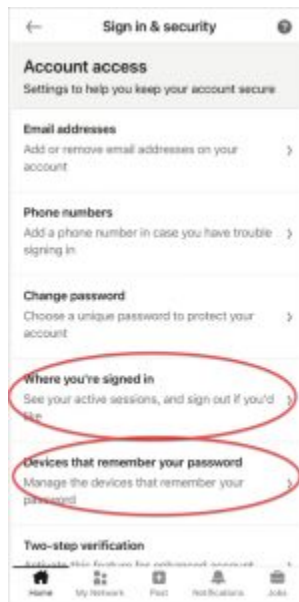

## Step 2: Review access to your account

Learn more about access logs.

1. Go to **Settings**, and tap **Sign in & security**.

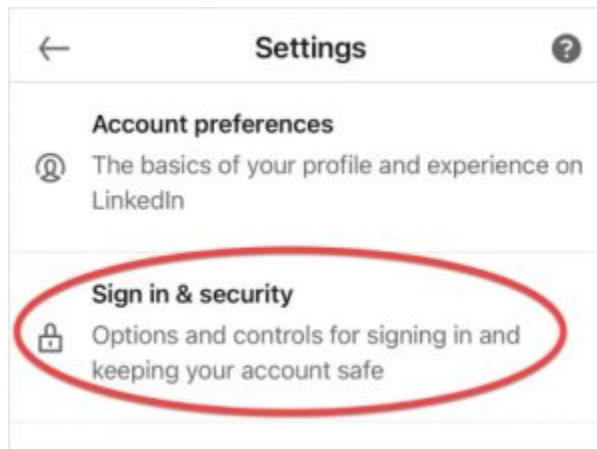

2. Tap **Where you're signed in**, and then **Devices that remember your password**. Review the list and remove any that are unwanted or unused. **Caution:** No notification will be sent, however the abuser may notice that they can no longer access the account. Some abusers may escalate their violence.

### Step 3: Review contact information

1. Go to **Settings**, and tap **Sign in & security**.

2. Tap **Email addresses**, and then **Phone numbers**.

3. Review and update to an email and phone that are secure.  
You may need to create a new email no one else has access to.

#### **Step 4: Change Your password**

1. Go to **Settings**, and tap **Sign in & security**.

## 2. Tap **Change Password**.

3. Set a new password. Learn more about creating strong passwords.

## **Step 5: Turn on Two-Factor Authentication**

Learn more about two-step verification.

1. Go to **Settings**, and tap **Sign in & security**.

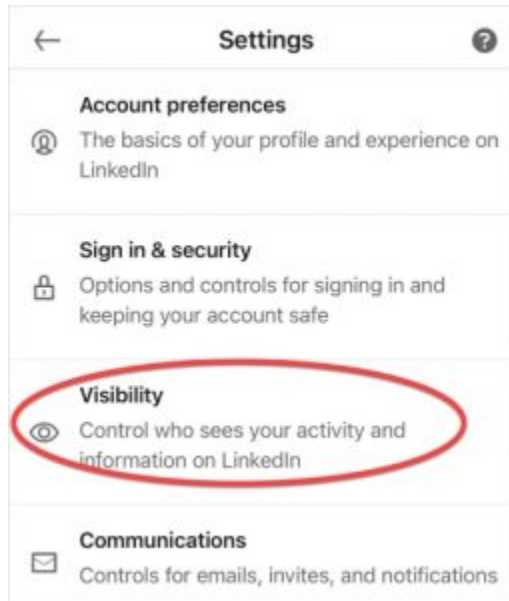

## 2. Tap **Two-Factor Authentication**.

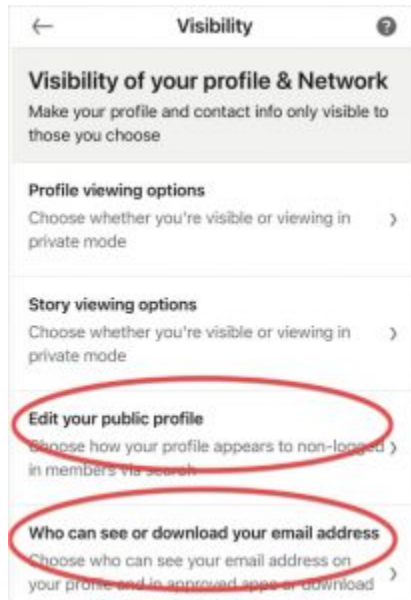

## 3. Turn **Two-Factor Authentication** on, and choose either SMS (Phone Number) or Authentication App.

## Step 6: Adjust privacy

1. Go to **Settings**, and tap **Visibility**.

2. Adjust your public profile, who can see your email or last name, and what others can see about you when you view their profile (**Profile viewing options**).

## Step 7: Adjust communication options

1. Go to **Settings**, and tap **Communication**.
2. Adjust **Who can reach you**.
